

**Every lung cancer patient needs a guide.**

**Trust us to be yours every step of the way.**

Start day one with hope from the American Lung Association. Find trusted information and resources online, and talk to lung cancer experts who understand your unique lung cancer journey.

Visit [Lung.org/lung-cancer](https://Lung.org/lung-cancer) for up-to-date information and resources about lung cancer diagnosis and treatment options including:

- Chemotherapy
- Radiation
- Staging
- Surgery
- Targeted Therapy
- Tumor Testing
- Immunotherapy
- Coping with Side Effects
- Clinical Trials

The American Lung Association has a variety of resources available for you throughout your lung cancer journey. Let us know how we can help.

### **Lung Cancer HelpLine**

Staffed by registered nurses, respiratory therapists and counselors, the Lung Cancer HelpLine provides free lung cancer counseling and support. Talking with an expert can help ease some of your fears and provide you with the support you need.

### **Connect with Others**

Our Lung Cancer Survivors group can help build your support network and give you a place to chat with other people facing lung cancer.

[Lung.org/community](https://Lung.org/community)

### **Coordinate Care**

Caregivers need a support system too. Mobilize your team through our free coordination program that allows members to schedule tasks that provide respite to your caregivers.

### **Get Involved**

Join our nationwide movement to increase awareness and understanding of lung cancer, promote research and advocacy, and fight for a life free of lung disease for everyone.

Get involved with LUNG FORCE by:

- Sharing your story online
- Participating in a LUNG FORCE Walk to help raise money to support lung cancer research
- Attending a LUNG FORCE Expo to learn about the latest treatment options and research advancements from experts
