Nevada County.....	51	Yuba County.....	83

EXECUTIVE SUMMARY

The American Lung Association's *State of Tobacco Control 2012* report tracks progress on key tobacco control policies at the state and federal levels. The report assigns grades to the states in four key areas — tobacco prevention and control spending, smokefree air, cigarette tax and cessation coverage. The grades are based on tobacco control laws and regulations in effect as of January 1, 2012 and are available at www.stateoftobaccocontrol.org.

With very few exceptions, 2011 was an abysmal year for state tobacco control measures across the country. Once a national leader in tobacco control policies, California now earns mixed results. While California earned an A for smokefree air policies, the state receives an F for failing to adequately fund tobacco prevention and control programs, another F for poor coverage of smoking cessation treatments and services, and a D for its low cigarette tax. Among the 50 states and the District of Columbia, California now ranks 33rd for its \$.87 per pack tax, far below the national average of \$1.46.

While the national grades reflect important policies that the state of California should take steps to improve, there is more that can be done locally. There are millions of people in California who are still affected by tobacco, tens of thousands of youth become smokers each year and untold numbers of Californians are impacted by secondhand smoke. Leadership and solutions to these problems can come from every level of government. Local elected officials can and should take steps to protect the residents of their communities from tobacco and secondhand smoke by passing policies to restrict smoking in parks and other outdoor areas, require apartment units to be nonsmoking and prevent illegal sales of tobacco products to youth.

“Nearly 90 percent of people who smoke start before the age of 18, including my mother who began smoking as a teenager and died too young from lung cancer. I do not want other families to suffer the same kind of loss. That’s why it is so important to pass policies that keep tobacco products out of the hands of kids.”

Jason Knowles,
Sacramento Resident and
American Lung Association in California Volunteer

Therefore, in coordination with the national report, the American Lung Association in California releases its *State of Tobacco Control 2012 – California Local Grades* report to track how well

California cities and counties are doing to protect Californians from the burden of tobacco. The *State of Tobacco Control 2012 – California Local Grades* report is based on a review of the county code and city municipal code in three key areas —smokefree outdoor air, smokefree multi-unit housing and reducing tobacco sales. The 2012 report includes grades for every city and county in California. This includes grades for all 58 counties (which cover the unincorporated areas of the county) and all 482 of the incorporated cities and towns in California.

The purpose of the *State of Tobacco Control 2012 – California Local Grades* report is to increase public knowledge about local laws and policies that help protect residents from the deadly toll of tobacco and to encourage local leadership where improvement is needed. The grades are not intended to reflect the efforts of local tobacco control coalitions, the broader public health community or organizations working to advance local tobacco control policies. Instead, responsibility for enacting these life- and revenue-saving policies falls to the elected officials in each community.

For the American Lung Association in California's *State of Tobacco Control 2012 – California Local Grades* report, grades are awarded in three categories: (1) Smokefree Outdoor Air; (2) Smokefree Housing; and (3) Reducing Sales of Tobacco Products. These three grades are then averaged for one Overall Tobacco Control grade.

HIGHLIGHTS OF THE REPORT

45 Cities and Counties Raised Their Grades in 2011

In 2011, 45 municipalities adopted local ordinances in at least one of the three categories that are included in the *State of Tobacco Control 2012* report and raised their grades. Elected officials in these cities and counties showed great leadership in adopting policies to protect their residents and improve the health of their community. Policies passed in 2011 include nine ordinances to require a certain percentage of multi-unit housing to be designated nonsmoking, 31 ordinances to restrict smoking in outdoor areas and six ordinances to require tobacco retailers to obtain a license in order to sell tobacco products. This is an improvement over last year when 38 cities and counties raised their grades. See the “Cities and Counties on the Rise” section of the report (page 6) for the full list of municipalities that passed policies in 2011.

Three New Cities Earn an A Grade for Overall Tobacco Control Grade

In the past year Baldwin Park, Compton and Pasadena have all passed strong tobacco control ordinances and now receive an overall A grade in the *State of Tobacco Control 2012* report. Combined with the nine municipalities that earned an A grade on last year’s report, there are now 12 municipalities that earn an A grade for Overall Tobacco Control grade. The other nine cities and counties are Albany, Calabasas, Contra Costa County, Glendale, Richmond, Santa Clara County, South Pasadena, Temecula and Union City. These cities have demonstrated that there is public support and political will for strong tobacco control policies and set a high bar for other communities.

Nearly Two-thirds of all Municipalities Receive an F Grade

Despite the fact that many cities and counties adopted strong tobacco control policies this past year, a majority of cities and counties in California are failing to protect their residents from the dangers of tobacco use. In total, 355 municipalities (66 percent of all municipalities) receive an F grade for their Overall Tobacco Control grade.

Alameda, Compton, Larkspur and Sonoma County Made the Largest Grade Improvements

These four municipalities have demonstrated great leadership by passing strong tobacco control ordinances in two of the three grade categories this year to improve their Overall Tobacco Control grade by four letter grades from their grade in last year’s report. Compton improved from a D grade to an A grade and both Alameda, Larkspur and Sonoma County improved from an F grade to a B grade.

“No matter how big or small the city or county, local tobacco control policies save lives and money.”

Marsha Ramos,
Former Burbank Mayor and Chair-elect,
American Lung Association in California

GRADES FOR TOP TEN CITIES IN CALIFORNIA

The ten most populous cities in California account for 25 percent of the state’s population. Strong tobacco control laws in these cities can make a big difference in protecting more than a quarter of California’s residents from secondhand smoke and the impact of tobacco. In 2011, two of the most populous cities in California -- San Jose and Fresno -- passed tobacco control policies, with San Jose raising its Overall Tobacco Control grade from a D grade to a C grade. Below is a table showing the grades for the ten most populous cities in California.

Top Ten Cities in California by Population	Overall Tobacco Control	Smokefree Outdoor Air	Smokefree Housing	Reducing Sales of Tobacco Products
1. Los Angeles (Population: 3,810,129)	C	D	F	A
2. San Diego (Population: 1,311,882)	D	D	F	B
3. San Jose (Population: 958,789)	C	D	D	B
4. San Francisco (Population: 812,820)	B	B	D	A
5. Fresno (Population: 500,121)	F	D	F	F
6. Sacramento (Population: 469,566)	C	D	F	A
7. Long Beach (Population: 463,894)	C	C	D	A
8. Oakland (Population: 392,932)	B	B	B	A
9. Bakersfield (Population: 351,443)	F	F	F	F
10. Anaheim (Population: 341,034)	F	F	F	F

* Population numbers from State of California, Department of Finance, E-1 Population Estimates for Cities and Counties. Sacramento, CA, May 2011.

“Safeguarding our communities from the negative consequences of tobacco is critical. These grades represent real health consequences. We went from F to A grades in one year, and I know that other cities and counties can do the same.”

Supervisor Ken Yeager, Santa Clara County, who led the County’s efforts to pass key tobacco control ordinances in 2010

CITIES AND COUNTIES ON THE RISE

There are some cities and counties that deserve special recognition for taking action this past year toward raising their grades. These 45 “Cities and Counties on the Rise” passed ordinances in at least one of the three grade categories in 2011. In most cases, their action improved their grade, but in some the ordinance only contributed to increasing the points in the particular grade category. Either way, these policies are noteworthy and deserve acknowledgement.

Below are the “Cities and Counties on the Rise,” which are listed along with the grade categories in which they passed a policy. For further details about each municipality’s grades and points, including their Overall Tobacco Control grade, see the county report cards that begin on page 18.

“Cities and counties in California have always led the nation with strong tobacco control policies, and that continues to this day. It is great to see so many municipalities in California leading the way by passing innovative policies to protect people from secondhand smoke in their homes and in outdoor areas and to keep tobacco products out of the hands of kids.”

Jane Warner, President and CEO,
American Lung Association in California

Municipality	Grade Improvement in 2011
Alameda	Smokefree Outdoor Air (F to A), Smokefree Housing (F to A)
Anderson	Smokefree Outdoor Air (F to C)
Baldwin Park	Smokefree Housing (F to A)
Buellton	Reducing Sales of Tobacco Products (F to D)
Campbell	Smokefree Outdoor Air (F to A)
Carpinteria	Smokefree Outdoor Air (C to A), Smokefree Housing (D to C)
Carson	Smokefree Outdoor Air (D to A), Smokefree Housing (F to D)
Chico	Smokefree Outdoor Air (F to D)
Compton	Smokefree Outdoor Air (F to A), Smokefree Housing (F to A)
Concord	Smokefree Outdoor Air (F to C)
Costa Mesa	Smokefree Outdoor Air (F to D)
Covina	Smokefree Outdoor Air (F to D)
Cupertino	Smokefree Outdoor Air (F to D)
Danville	Smokefree Outdoor Air (F to D)
Downey	Smokefree Outdoor Air (F to D)
Dublin	Smokefree Housing (increased points, grade remains A)

CITIES AND COUNTIES ON THE RISE (continued)

Municipality	Grade Improvement in 2011
El Monte	Reducing Sales of Tobacco Products (F to A)
Elk Grove	Smokefree Outdoor Air (F to D)
Fairfax	Smokefree Outdoor Air (D to B), Smokefree Housing (D to A)
Fresno	Smokefree Housing (increased points, grade remains F)
Fresno County	Smokefree Housing (increased points, grade remains F)
Hawaiian Gardens	Reducing Sales of Tobacco Products (F to A)
Hermosa Beach	Smokefree Outdoor Air (F to B)
Huntington Park	Smokefree Outdoor Air (C to A), Reducing Sales of Tobacco Products (F to A)
Imperial	Smokefree Outdoor Air (F to D)
Larkspur	Smokefree Outdoor Air (F to A), Smokefree Housing (D to A)
Live Oak	Smokefree Outdoor Air (F to D)
Los Altos	Smokefree Outdoor Air (F to D)
Malibu	Reducing Sales of Tobacco Products (F to A)
Manhattan Beach	Smokefree Outdoor Air (increased points, grade remains D)
Murrieta	Smokefree Outdoor Air (increased points, grade remains B)
Palm Springs	Smokefree Outdoor Air (F to D)
Pasadena	Smokefree Housing (D to A)
Pleasant Hill	Smokefree Outdoor Air (C to B)
Pleasanton	Smokefree Housing (increased points, grade remains D)
San Diego County	Smokefree Housing (increased points, grade remains F)
San Jose	Reducing Sales of Tobacco Products (F to B)
San Luis Obispo	Smokefree Housing (D to C)
Santa Cruz County	Reducing Sales of Tobacco Products (F to A)
Santa Fe Springs	Smokefree Outdoor Air (F to D)
Sonoma County	Smokefree Outdoor Air (F to A), Smokefree Housing (D to A)
Susanville	Smokefree Outdoor Air (F to D)
Tiburon	Smokefree Outdoor Air (F to B), Smokefree Housing (D to A)
Torrance	Smokefree Outdoor Air (F to D)
West Hollywood	Smokefree Outdoor Air (F to D)

CALIFORNIA TOBACCO CONTROL BY THE NUMBERS

By grading every city and county in California, the *State of Tobacco Control 2012 – California Local Grades* report paints a comprehensive picture of how local elected officials across the state are doing to protect the residents of California. Below is a breakdown of the Overall Tobacco Control grade for every municipality, a list of the cities and counties with the top grades in each category and a list of the number of municipalities that have adopted each of the policy provisions that are being graded.

BREAKDOWN OF OVERALL TOBACCO CONTROL GRADE

A grade for Overall Tobacco Control

- 12 cities/counties received an A grade (Albany, Baldwin Park, Calabasas, Compton, Contra Costa County, Glendale, Pasadena, Richmond, Santa Clara County, South Pasadena, Temecula, Union City)

B grade for Overall Tobacco Control

- 25 cities/counties received a B grade (Alameda, Belmont, Berkeley, Burbank, Calexico, Carson, Davis, El Cajon, Huntington Park, Larkspur, Loma Linda, Martinez, Murrieta, Novato, Oakland, Pleasant Hill, Rohnert Park, San Francisco, San Luis Obispo, Santa Barbara County, Santa Monica, Sebastopol, Solana Beach, Sonoma County, Watsonville)

C grade for Overall Tobacco Control

- 62 cities/counties received a C grade

D grade for Overall Tobacco Control

- 84 cities/counties received a D grade

F grade for Overall Tobacco Control

- 355 cities/counties received an F grade

N/A Grade for Overall Tobacco Control

- 1 city received an n/a grade as the city had n/a for two of the category grades

“California was the first state with a comprehensive law to protect people from secondhand smoke where they work, but many California residents are not protected from secondhand smoke where they spend even more time – their home. Local ordinances are essential to creating smokefree apartments/condominiums and public spaces, such as bus stops, outdoor public events, to name a few; without them, we cannot protect those people who need it most.”

Munta Davis, MD, MPH,
Alameda County Health Officer

LIST OF TOP GRADES IN EACH CATEGORY

Smokefree Outdoor Air

A grade for Smokefree Outdoor Air

- 45 cities/counties received an A grade (Alameda, Albany, Baldwin Park, Belmont, Berkeley, Blue Lake, Calabasas, Camarillo, Campbell, Carpinteria, Carson, Compton, Contra Costa County, Davis, Del Mar, El Cajon, Eureka, Glendale, Hayward, Huntington Park, Laguna Hills, Laguna Woods, Larkspur, Loma Linda, Mammoth Lakes, Marin County, Martinez, Moorpark, Novato, Palm Desert, Pasadena, Pinole, Richmond, Rolling Hills, Ross, San Leandro, San Luis Obispo, Santa Clara County, Santa Monica, Santa Rosa, Sebastopol, Solana Beach, Sonoma County, Temecula, Union City)

B grade for Smokefree Outdoor Air

- 22 cities/counties received a B grade (Alameda County, Burbank, Calexico, Crescent City, Dublin, Emeryville, Fairfax, Hermosa Beach, Malibu, Menlo Park, Murrieta, Oakland, Pleasant Hill, Rohnert Park, San Francisco, Santa Barbara County, Santa Cruz, South Pasadena, Thousand Oaks, Tiburon, Watsonville, Windsor)

Smokefree Housing

A grade for Smokefree Housing

- 20 cities/counties received an A grade (Alameda, Baldwin Park, Belmont, Calabasas, Compton, Dublin, Fairfax, Larkspur, Loma Linda, Novato, Pasadena, Pleasant Hill, Richmond, Rohnert Park, Santa Clara County, Sebastopol, Sonoma County, South Pasadena, Tiburon, Union City)

B grade for Smokefree Housing

- 7 cities/counties received a B grade (Albany, Contra Costa County, Eureka, Glendale, Martinez, Oakland, Temecula)

Reducing Sales of Tobacco Products

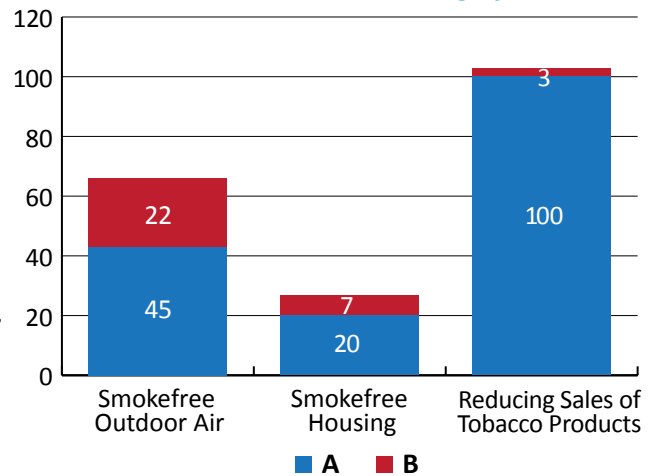

A grade for Reducing Sales of Tobacco Products

- 100 cities/counties received an A grade (Albany, Arroyo Grande, Baldwin Park, Banning, Beaumont, Berkeley, Beverly Hills, Burbank, Calabasas, Calexico, California City, Calimesa, Canyon Lake, Carson, Cerritos, Coachella, Compton, Concord, Contra Costa County, Corona, Culver City, Davis, Delano, Desert Hot Springs, Eastvale, El Cajon, El Monte, El Segundo, Elk Grove, Firebaugh, Gardena, Glendale, Grass Valley, Grover Beach, Hawaiian Gardens, Hawthorne, Hemet, Hollister, Huntington Park, Inglewood, Jurupa Valley, Kern County, La Canada Flintridge, Lake Elsinore, Lancaster, Lawndale, Lomita, Long Beach, Los Angeles, Los Angeles County, Malibu, McFarland, Mendocino County, Menifee, Montebello, Monterey Park, Moreno Valley, Murrieta, Nevada City, Norco, Oakland, Pacifica, Palmdale, Pasadena, Perris, Rancho Cordova, Richmond, Riverbank, Riverside, Riverside County, Sacramento, Sacramento County, San Fernando, San Francisco, San Gabriel, San Jacinto, San Luis Obispo, San Luis Obispo County, San Pablo, San Rafael, Santa Ana, Santa Barbara, Santa Barbara County, Santa Clara County, Santa Cruz County, Santa Monica, Sierra Madre, Solana Beach, South Pasadena, Tehachapi, Temecula, Ukiah, Union City, Vista, Wasco, Watsonville, West Sacramento, Wildomar, Willits, Yolo County)

B grade for Reducing Sales of Tobacco Products

- 3 cities received a B grade (Artesia, San Diego, San Jose)

Number of Cities/Counties with A or B Grades for Each Category

LIST OF TOBACCO CONTROL POLICIES IN CALIFORNIA

Smokefree Outdoor Air

- 97 cities/counties restrict smoking at outdoor dining areas
- 93 cities/counties restrict smoking within entryways of buildings
- 98 cities/counties restrict smoking at public events
- 293 cities/counties restrict smoking in recreation areas
- 90 cities/counties restrict smoking at service areas
- 31 cities/counties restrict smoking on sidewalks in commercial areas
- 34 cities/counties restrict smoking at outdoor worksites

Smokefree Housing

- 23 cities/counties require the creation of nonsmoking units in multi-unit housing
- 103 cities/counties restrict smoking in indoor and/or outdoor common areas of multi-unit housing
- 27 cities/counties require landlords to disclose information about the smoking policy to tenants
- 19 cities/counties declare that exposure to secondhand smoke is a nuisance
- 20 cities/counties require the creation of nonsmoking units in Housing Authority housing

Reducing Sales of Tobacco Products

- 126 cities/counties require tobacco retailers to obtain a local license to sell tobacco products
- 26 cities/counties restrict the sale of tobacco products within a certain distance of schools/parks
- 3 cities/counties restrict the sale of tobacco products at pharmacies
- 30 cities/counties restrict the sampling of tobacco products

293
cities/counties restrict
smoking in recreation
areas

23
cities/counties require
the creation of
nonsmoking units in
multi-unit housing

126
cities/counties require
tobacco retailers to
obtain a local license to
sell tobacco products

“We all deserve the right to breathe clean air and this is especially important in outdoor areas where people and children congregate such as parks, farmer’s markets and dining areas. Secondhand smoke is not just a nuisance, but a real health hazard for everyone and especially for people with lung health issues like my son Matt.”

Marianne Brown,
San Diego Resident and American Lung Association in California Volunteer

LOCAL GRADING METHODOLOGY

The American Lung Association in California established local tobacco control grades in three categories that it believes reflect where local action is needed and where the greatest public health benefit can be derived. The bar is set high because tobacco remains the number one preventable cause of death in California and because experience shows that local action has been the cornerstone of the tobacco control movement and public health improvement.

The three tobacco control policy grades that are assigned to each city and county are:

- (1) Smokefree Outdoor Air
- (2) Smokefree Housing
- (3) Reducing Sales of Tobacco Products

These three grades are then used to calculate an Overall Tobacco Control grade for each municipality. An “n/a” or “not applicable” score is given to municipalities in which it is not possible to adopt a specific type of policy due to a complete lack of the entity that is being graded. For example, if a city or county doesn’t have any stores that sell tobacco products, then the city is awarded an n/a as opposed to 0 points in the Reducing Sales of Tobacco Products category, and the grading scales are adjusted accordingly.

Below is a description of each of the grading categories, a summary of the relevant state laws and an explanation of the grade criteria.

OVERALL TOBACCO CONTROL GRADE

Description –The Overall Tobacco Control grade is a letter grade awarded to the municipality based on its grades in the three categories.

Grade Criteria – To obtain the Overall Tobacco Control grade, the city or county is given point values for each of its grades in the three categories (Smokefree Outdoor Air, Smokefree Housing, Reducing Sales of Tobacco Products) as follows – A=4; B=3; C=2; D=1; and F=0. These point values are then added together for a total point value for the Overall Tobacco Control grade with a scale of: A (11-12); B (8-10); C (5-7); D (2-4); and F (0-1).

SMOKEFREE OUTDOOR AIR

Description – There is no doubt about the harmful health effects of secondhand smoke and this danger exists not just in indoor settings but in outdoor areas as well. Many recent scientific studies have demonstrated the negative health effects of secondhand smoke exposure in outdoor settings. To protect the health of their residents, many cities and counties have adopted local ordinances that restrict smoking in a variety of outdoor areas ranging from parks to sidewalks.

State Law – California has some of the strongest laws in the nation to protect people from harmful secondhand smoke exposure. However, these state laws mostly focus on workplaces and other indoor areas and only a few laws restrict smoking in outdoor areas, such as those detailed below. Cities and counties have the explicit authority to go beyond state law and enact secondhand smoke restrictions in outdoor areas.

Grade Criteria – The Smokefree Outdoor Air grade is based on the smoking restrictions adopted by local communities in five outdoor areas – (1) Dining Areas; (2) Entryways; (3) Public Events; (4) Recreation Areas; and (5) Service Areas. In the five outdoor areas, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance. Bonus points are available for smoking restrictions in two additional outdoor areas: (1) sidewalks in commercial areas; and (2) worksites. These point values are then added together to calculate the overall Smokefree Outdoor Air grade using a scale of: A (18+); B (13-17); C (8-12); D (3-7); and F (0-2).

Dining Areas

Description – Restrictions on smoking in outdoor seating areas at restaurants and bars.

State Law – Smoking is prohibited in indoor dining areas but there are no state law restrictions on smoking in outdoor dining areas.

Criteria

- 4 – All outdoor dining areas at bars and restaurants are 100% smokefree
- 2 – Smoking restricted in outdoor dining areas but designated smoking areas allowed or exceptions made for certain types of bars and/or restaurants
- 0 – No smoking restrictions in outdoor dining areas

Entryways

Description – Restrictions on smoking in places within a certain distance of doors, windows, and other openings into all enclosed areas where smoking is prohibited.

State Law – Smoking is prohibited within 20 feet of entrances, exits, or operable windows of a public building, which includes state, county and city buildings.

Criteria

- 4 – Smoking prohibited within 20 or more feet of entryways
- 3 – Smoking prohibited within 15-19 feet of entryways
- 2 – Smoking prohibited within some distance less than 15 feet of entryways or within an unspecified distance of entryways
- 0 – No smoking restrictions for entryways

Public Events

Description – Smoking restrictions at events open to the public such as fairs, farmer’s markets, parades, concerts and other similar events that take place on public property.

State Law – There are no statewide restrictions on smoking in outdoor public events.

Criteria

- 4 – All public events are 100% smokefree
- 3 – Smoking restricted at all public events, but designated smoking areas are permitted
- 2 – Smoking restricted at specific types of public events (such as in all farmer’s markets), but not all public events
- 0 – No restrictions on smoking at public events

Recreation Areas

Description – Smoking restrictions at parks, beaches, trails and other similar recreation areas.

State Law – Smoking is prohibited within 25 feet of tot lots and playgrounds.

Criteria

- 4 – All recreation areas are 100% smokefree
- 3 – Smoking restricted in all recreation areas, but designated smoking areas are permitted
- 2 – Smoking prohibited in some parks, beaches and trails but not all recreation areas
- 0 – No smoking restrictions in recreation areas

Service Areas

Description – Smoking restrictions in outdoor locations where people stand or wait for services including ATM lines, public transit stops, taxi stands and ticket lines.

State Law – There are no statewide restrictions on smoking in service areas.

Criteria

4 – Smoking restricted at all service areas

2 – Smoking restricted at some types of service areas (such as at bus stops) but not all service areas

0 – No restrictions on smoking in service areas

Sidewalks in Commercial Areas

Description – Smoking restrictions on sidewalks and other pedestrian walkways in commercial areas, such as downtown areas and outdoor shopping centers.

State Law – There are no statewide restrictions on smoking on sidewalks in commercial areas.

Criteria

1 bonus point – Smoking restricted on sidewalks or other pedestrian walkways within all commercial areas or within a specified commercial or downtown area

Worksites

Description – Smoking restrictions in outdoor places of employment, such as construction sites.

State Law – There are no statewide restrictions on smoking in outdoor worksites.

Criteria

1 bonus point – Smoking restricted for some or all outdoor worksites

SMOKEFREE HOUSING

Description – While California has been a leader on protections from secondhand smoke, one area where people continue to be unprotected is in multi-unit housing. Secondhand smoke exposure in multi-unit housing is a serious health threat because secondhand smoke drifts into housing units from other units, balconies, patios and common areas.

State Law – The only statewide smoking restriction in multi-unit housing is restricting smoking in indoor common areas (described below), but this restriction is a workplace protection, not intended to protect the health of tenants. A new state law that goes into effect on January 1, 2012 authorizes landlords to prohibit smoking in the units they manage. While it was legal for landlords to prohibit smoking in the apartments they owned and managed prior to this law, that authority is now specifically articulated in state law. Cities and counties are allowed to go beyond state law in enacting secondhand smoke restrictions for multi-unit housing and the new state law does not preempt these local ordinances.

Grade Criteria – Cities and counties have taken a variety of approaches in passing local ordinances to try to address the problem of secondhand smoke in multi-unit housing. The overall Smokefree Housing grade is based on the grades for three of these types of smokefree housing policies – (1) Nonsmoking Units; (2) Nonsmoking Common Areas; and (3) Disclosure. For each of the three policies, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance. Bonus points are available in two categories (1) Declaring Secondhand Smoke a Nuisance; and (2) Prohibiting Smoking in Housing Authority Multi-Unit Housing Units. These point values are then added together to calculate the overall Smokefree Housing grade using a scale of: A (11+); B (8-10); C (5-7); D (2-4); and F (0-1).

Nonsmoking Units

Description – Prohibiting smoking within the units and on the patios and balconies of multi-unit housing units.

State Law – There are no statewide restrictions on smoking in units of multi-unit housing.

Criteria

- 4 – Requirements for 75-100% of multi-unit housing units to be declared nonsmoking
- 3 – Requirements for 50-74% of multi-unit housing units to be declared nonsmoking
- 2 – Requirements for 25-49% of multi-unit housing units to be declared nonsmoking
- 1 – Requirements for multi-unit housing units to be declared nonsmoking only in new housing
- 0 – No requirements for declaring multi-unit housing units nonsmoking or some percentage less than 25% required

Nonsmoking Common Areas

Description – Smoking restrictions in both indoor common areas, which include hallways, stairwells, laundry rooms and recreation rooms, and outdoor common areas, which include swimming pools, play areas, outdoor eating areas and courtyards of multi-unit housing.

State Law – Smoking is prohibited in indoor common areas of apartments and condominiums if the areas are places of employment. These areas are places of employment if there is an employee who works on the property, such as an on-site property manager, security guard or maintenance worker.

Criteria

- 4 – Smoking restricted in all indoor and outdoor common areas, including ordinances that allow for designated smoking areas in outdoor common areas
- 2 – Smoking restricted in all indoor common areas, but not outdoor common areas
- 0 – No restrictions on smoking in common areas

Disclosure

Description – Requiring the landlords of apartments or the sellers of condominiums to disclose to potential tenants and potential buyers information about the smoking restrictions at the property. This information can include general smoking policies, whether the unit they are renting or selling is smoking or nonsmoking and the location of smoking and nonsmoking units.

State Law – Starting January 1, 2012, landlords who prohibit smoking on any part of the property they manage will be required to inform tenants about the areas of the property where smoking is not allowed. There are no statewide requirements for disclosure of smokefree housing policies for landlords or owners who do not restrict smoking on their property.

Criteria

- 4 – Requirements to disclose if the unit is smoking or nonsmoking and other information about the smoking policy for the property for both apartments and condominiums. Or 100% of the multi-unit housing units are declared nonsmoking so that disclosure of smoking units is not applicable.
- 3 – Requirements to disclose if the unit is smoking or nonsmoking and other information about the smoking policy for the property for either only apartments or only condominiums
- 0 – No disclosure requirements for multi-unit housing

Nuisance

Description – Declaring involuntary exposure to secondhand smoke a nuisance, which allows members of the public to use nuisance abatement laws to stop the exposure.

State Law – There is no statewide declaration that specifically declares secondhand smoke a nuisance. However, California law does declare anything that is injurious to health or obstructs the free use of property, so as to interfere with the comfortable enjoyment of life or property, a nuisance. Under this definition it is possible to prove involuntary secondhand smoke as a nuisance, but specifically declaring that exposure as a nuisance lowers the burden of proof and makes it easier to stop that exposure.

Criteria

1 bonus point – Secondhand smoke exposure is declared a nuisance throughout the city or declared a nuisance within a housing setting.

Housing Authority Nonsmoking Units

Description – Prohibiting smoking within the actual units, patios and balconies of multi-unit housing units that are under the control of the city or county Housing Authority, such as low-income, senior or migrant housing. These policies generally need to be approved by the City Council/Board of Supervisors.

State Law – There are no statewide restrictions requiring nonsmoking for housing authorities.

Criteria

1 bonus point – Smoking is prohibited within a certain percentage of units for some or all of the multi-unit housing complexes under the control of the housing authority

REDUCING SALES OF TOBACCO PRODUCTS

Description – An important aspect of reducing the smoking prevalence rates in California is to reduce the availability and sales of tobacco products. This reduction in access to tobacco products can be done through requiring locations that sell tobacco products to meet certain requirements, through limiting where tobacco products can be sold, or through regulating the sampling of tobacco products.

State Law – California has several statewide laws related to access to and sales of tobacco products that are described in the policy areas below. The state allows municipalities to go beyond state law in enacting restrictions in these policy areas.

Grade Criteria – The Reducing Sales of Tobacco Products grade is determined by the ordinances adopted by cities/counties in one area, Local Tobacco Retailer Licensing Ordinance. For this policy area, the city or county is given a point value between 0 and 4 based on the strength of their ordinance. Bonus points are available in three categories: (1) Sales of Tobacco Products near Schools and Parks; (2) Sales of Tobacco Products in Pharmacies; and (3) Sampling of Tobacco Products. These point values are then added together to calculate the overall Reducing Sales of Tobacco Products grade using a scale of: A (4+); B (3); C (2); D (1); and F (0).

Local Tobacco Retailer Licensing Ordinance

Description – Youth under the age of 18 are often able to purchase tobacco products at all types of retailers, ranging from convenience stores and gas stations to large chain grocery stores and pharmacies, even though it is illegal to sell tobacco products to minors. To combat this problem many cities and counties in California are passing ordinances that require tobacco retailers to obtain a license to sell tobacco products, which allows the municipalities to keep track of tobacco retailers, conduct enforcement activities to ensure compliance with state and local laws and penalize retailers who sell to minors.

State Law – It is illegal in the state to sell or give tobacco products to anyone under the age of 18. There are laws in California to punish the business owner or the clerk when an illegal sale is made. Tobacco retailers are also

required to obtain a state tobacco retailer license, which has generally been used to combat black market sales and tax evasion.

Criteria – In order for a local licensing ordinance to effectively reduce illegal sales to minors, it must contain four provisions: (1) requiring tobacco retailers to pay an annual fee that sufficiently covers administration and enforcement efforts, including compliance checks; (2) requirement that all retailers obtain a license to sell tobacco and renew it annually; (3) provision that any violation of a local, state or federal tobacco law is considered a violation of the license; and (4) financial deterrent through fines and penalties for violations that includes suspension and revocation of the license. Of these four provisions, it is essential that the licensing ordinance requires a sufficient fee that will cover the administration and enforcement of the license to ensure that these activities occur. A city/county can get credit for meeting the annual fee requirement if it uses other sustainable funding sources (such as funds from the Master Settlement Agreement) that are dedicated for administration and enforcement of the retailer license. The grade for Local Tobacco Retailer Licensing Ordinance is based on the provisions of the ordinance that a city or county has adopted with the following scale:

- 4 – Licensing ordinance with sufficient annual fee and the other three provisions outlined above
- 3 – Licensing ordinance with sufficient annual fee and two of the other three provisions outlined above
- 2 – Licensing ordinance with sufficient annual fee and one of the other three provisions outlined above
- 1 – Licensing ordinance with sufficient annual fee and none of the other three provisions outlined above or licensing ordinance with insufficient annual fee and at least one of the other three provisions outlined above
- 0 – No licensing ordinance or a licensing ordinance none of the four provisions outlined above

Sale of Tobacco Products Near Schools and Parks

Description – Cities and counties can restrict where tobacco retailers are located and can prohibit them from being located within a certain distance, such as within 1,000 feet, of schools and parks. This type of policy can be enacted in several ways including through conditional use permits, other zoning restrictions and local tobacco retailer licensing ordinances. By reducing the presence of tobacco retailers in locations where youth congregate, this type of policy can reduce sales of tobacco products to youth and assist with efforts to reduce youth smoking.

State Law – There are no statewide laws restricting tobacco retailers from being within a certain distance of schools and parks.

Criteria

1 bonus point – The city/county restricts businesses that sell tobacco from being located within a certain distance of schools and/or parks through a conditional use permit, other zoning restrictions or a local tobacco retailer licensing ordinance

Sale of Tobacco Products in Pharmacies

Description – Cities and counties can restrict sales of tobacco products at pharmacies. Pharmacies are traditionally places where people go to purchase products to get healthy or improve their health. The availability of tobacco products at pharmacies associates them with other healthy products and with the general health focus of these stores. Selling tobacco at pharmacies is contrary to a pharmacy's purpose and sends a mixed message to consumers and youth.

State Law – There is no statewide law that restricts pharmacies from selling tobacco products. Pharmacies that elect to sell tobacco products, like all other types of tobacco retailers, must obtain a statewide tobacco retailer license.

Criteria

1 bonus point – Tobacco products are prohibited from being sold at all pharmacies or at certain types of pharmacies in the city/county

Sampling of Tobacco Products

Description – Giving away free tobacco products or providing these products at a greatly reduced cost is a tool that tobacco companies use to gain new customers and keep current customers addicted to new types of products. Restricting this sampling can make it harder for tobacco companies to addict new users and can help to reduce prevalence rates for using tobacco products.

State Law – The sampling of tobacco products is restricted by federal law, state law and the Master Settlement Agreement. The strongest restrictions are in the federal law, which prohibits all free samples of cigarettes, cigars and other tobacco products (such as little cigars and hookah). Federal law bans free samples of smokeless tobacco products in most places, but allows sampling in qualified adult-only facilities. State law bans the nominal-cost distribution of cigarettes or smokeless tobacco products on public grounds or private grounds open to the public, but allows exemptions for adult only facilities. This law includes coupons, coupon offers, rebate offers, gift certificates/cards and other similar offers in this prohibition.

Criteria

1 bonus point – The city/county has adopted an ordinance that goes beyond the state and federal restrictions on sampling, such as banning the sampling of all tobacco products or restricting the nominal-cost distribution of cigarettes and tobacco products

GRADE SCALE

Below is a quick reference for the point scale for the four letter grades received by each city and county.

Overall Tobacco Control Grade

A: 11-12 points
B: 8-10 points
C: 5-7 points
D: 2-4 points
F: 0-1 points

Smokefree Housing Grade

A: 11+ points
B: 8-10 points
C: 5-7 points
D: 2-4 points
F: 0-1 points

Smokefree Outdoor Air Grade

A: 18+ points
B: 13-17 points
C: 8-12 points
D: 3-7 points
F: 0-2 points

Reducing Sales of Tobacco Products Grade

A: 4+ points
B: 3 points
C: 2 points
D: 1 point
F: 0 points
