The Honorable Lucille Roybal-Allard
Health Task Force Chair
Congressional Hispanic Caucus
2330 Rayburn HOB
Washington, D.C. 20515

Dear Representative Lee, Representative Christensen and Representative Roybal-Allard,

We write to thank you for your work and leadership on issues important to the health and well-being of minority communities in the United States. During the debate on health care reform in the 111th Congress, the Congressional Tri-Caucus ensured that the voices of our communities were included in the Affordable Care Act (ACA). We fully support the provisions in this law that expand access to affordable health insurance coverage for those who are uninsured and underinsured, ensure quality in the delivery of care, advance research and promote healthy behaviors throughout our communities. These are all important steps towards eliminating racial and ethnic health disparities.

We are thankful for your continued leadership and commitment to developing legislation that builds on these advancements. We support the efforts of the Tri-Caucus, under the leadership of the Congressional Asian Pacific American Caucus Health Task Force Chair Congresswoman Lee, to update H.R. 3090, the "Health Equity and Accountability Act of 2009."

As organizations and working group members committed to reducing racial and ethnic health disparities and promoting health equity, we are ready to support your work in this endeavor. Sixty-one community organizations, national advocacy groups, professional organizations and research institutions, many of whom have supported this legislation in the past, are ready to offer our expertise and networks to advance the development of the bill in the 112th Congress.

Thank you again for your leadership on these issues.

Sincerely,

AIDS United
