

Does your child have asthma?

We can help.

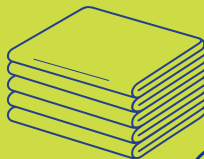

Let us show you how to protect your child's health.

If you are a resident of Seattle, you're eligible for a **FREE Healthy Home Check-up**, regardless of income. If your child has asthma, additional support and tools are available.

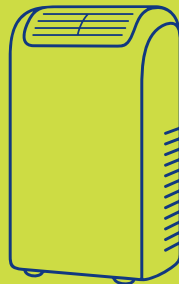

MHE Master Home Environmentalist

Indoor pollution like dust, mold, pet dander and cleaning chemicals may make your child's asthma worse. We can help you understand what triggers your child's asthma flare-ups and help make a plan to avoid or limit exposure.

Sign up today for a
Healthy Home Check-up.

You may even qualify for a free air purifier, vacuum cleaner, dehumidifier or other clean air device!
