

APPENDIX D: Raise Your Grade

As is evidenced by the 39 cities and counties that have overall “A” grades, strong tobacco control policies can work in any community. So how can your community improve its health and raise its grade? Below is a worksheet that can be used to determine what types of policies could improve the health of your city or county and help raise its grade. Just fill in the points for the policies your community already has in the right-hand column, and see how many more points you will need to increase your grade. These policies will improve the health of your communities and ensure that tobacco is kept out of the hands of children.
