

Asthma Educator Institute

The Asthma Educator Institute™ is a three half-day preparatory course for individuals who want to implement asthma guidelines-based care and those qualified to take the National Asthma Educator Certification Board (NAECB) examination. The Asthma Educator Institute was developed with experts in the field with asthma, and it reflects the National Institute of Health, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma.

The Asthma Educator Institute is a professional education course that targets frontline healthcare professionals, such as: nurses, nurse practitioners, respiratory therapists, physicians, physician assistants, pharmacists, other licensed or credentialed healthcare professionals, and educators with 1,000+ direct hours of asthma education eligible to sit for the national asthma certification exam. Also, the course is a great refresher for AE-C's preparing for recertification.

The curriculum aligns with the National Asthma Educator Certification (NAECB) Candidate Handbook and includes case reviews, hands on skills demonstrations, and practice.

Registration

Registration fee is \$300 per person (Early Bird \$275). Fee includes instruction, continuing medical education, PDF presentations and all reference study materials.

CEUs offered

This Asthma Educator Institute is designed to meet continuing education requirements for a variety of healthcare professionals. Presenter objectives, qualifications and a certificate of attendance will be available for physicians, respiratory therapists, and others desiring continuing education credits.

Upon completion of this course, participants should be able to:

- Provide NHLBI and NAEPP guidelines-directed asthma care to patients, families, and with healthcare providers across all settings
- Identify the various roles of the asthma educator in the clinic and in the community
- Better prepare for the Asthma Educator Certification Exam (AE-C)
- Network with healthcare providers/educators and organizations surrounding asthma care and asthma care policies

NOTE: The American Lung Association Asthma Educator Institute course is not endorsed by the NAECB and participation in the course does not guarantee passing the exam.
